- Geoscience Australia SRTM-derived 1 Second Digital Elevation Models Version 1.0, <http://www.ga.gov.au/scientific-topics/geographic-information/digital-elevation-data>. The national 1 second (~30m) DEMs suite contains three publicly released national models; Digital Elevation Model (DEM), Smoothed DEM (DEM-S) and Hydrologically Enforced DEM (DEM-H). These 31 second products are a significant improvement on the Shuttle Radar Topographic Mission (SRTM) digital surface model (DSM) from which they were derived.: Geoscience Australia.
